

# LABELLED DOWHILE LOOP

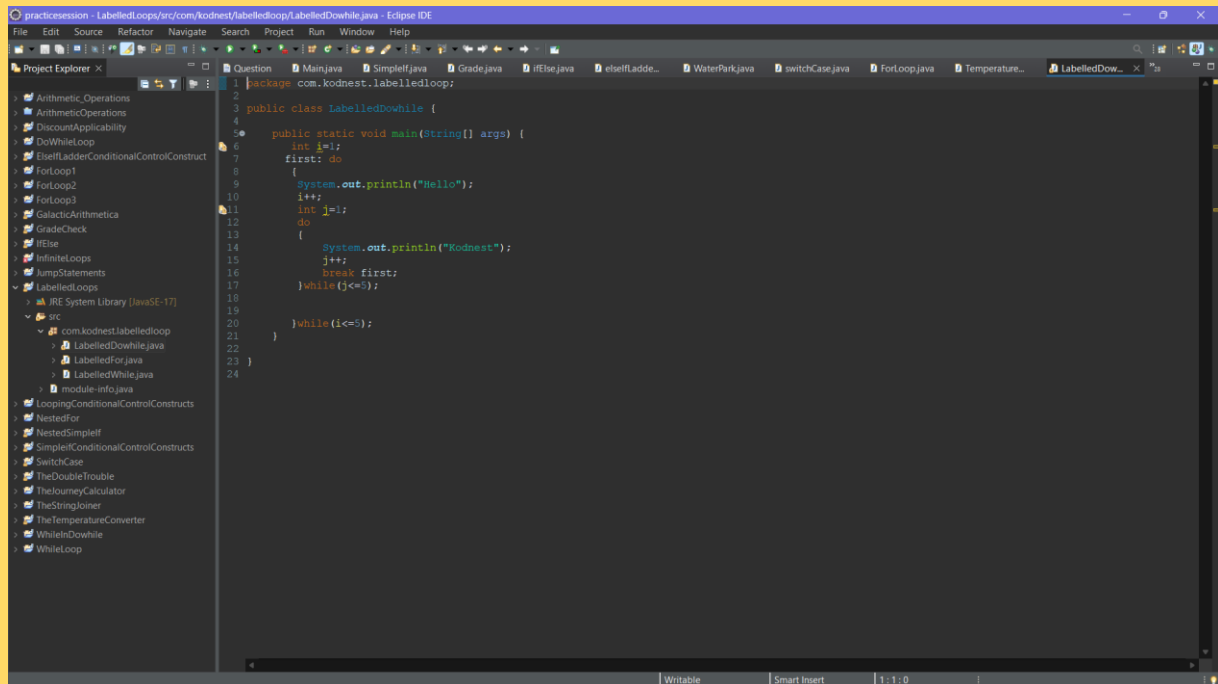

18/08/2023

Jayasimha Yalamakuru

**Labelled Loops:** Labelled loops are the loops which contain names assigned to them.

Labelled Do while:

The screenshot shows the Eclipse IDE interface. The Project Explorer on the left displays a project named 'practicersession' with a package 'com.kodnest.labelledloop'. The main editor window shows the following Java code:

```
1 package com.kodnest.labelledloop;
2
3 public class LabelledDowhile {
4
5     public static void main(String[] args) {
6         int i=1;
7         first: do
8         {
9             System.out.println("Hello");
10            i++;
11            int j=1;
12            do
13            {
14                System.out.println("Kodnest");
15                j++;
16                break first;
17            }while(j<=5);
18        }while(i<=5);
19    }
20 }
21
22
23
24
```
